**WARNING**

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

#### SUMMARY

A storage area covering approximately 296 wooded acres is located 5 kilometers (km) east of Vsevolozhskiy (Figure 1). The installation is double secured and contains 1 multistory barracks, 1 multistory barracks/administration building, and 13 warehouses. A firebreak en-

closes the cluster of buildings (Figures 2 and 3).

A comparative study of KEYHOLE missions between [ ] revealed no physical change in the buildings. The section surrounding the depot is probably utilized as an open storage area.

25X1D

#### DESCRIPTION OF INSTALLATION

##### Railroad Service

A branch line converts to 3 dead-end spurs within the installation.

##### Road Service

The depot is served by local, two-lane, all-weather roads.

##### Administrative and Troop Housing Area

Area D contains 1 multistory barracks and 1 multistory barracks/administration building.

##### General Storage Areas

Area E1 contains 13 storage buildings.  
Area E2 is for open storage.
